2023-4321

2024-04-04

**DIRECTIONS FOR USE: SHAKE WELL BEFORE USING.** Within the specified use location, to enhance effectiveness of this product, apply directly to the listed pests where possible. For all labelled uses, treatment must only be repeated after 7 days if pest problem still persists or reoccurs.

**FOR OUTDOORS AROUND AREAS WHERE INSECTS ARE A NUISANCE AND SURROUNDING BUSHES OR GRASS (FOGGER) AND STINGING INSECT NESTS (JET)**

#### USE LIMITATIONS

DO NOT USE inside buildings.

DO NOT apply when people or pets are present.

DO NOT allow people or pets to enter treated areas until sprays have settled or dried.

DO NOT apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs).

DO NOT apply to any body of water.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Avoid application of this product when winds are gusty.

For the treatment of stinging insect nests: DO NOT allow spray to drip or allow drift onto non-target surfaces. Avoid spraying vegetation and non-target structural surfaces. Hose off any plants or non-target surfaces that are contacted with spray with water.

#### HOW TO APPLY

**FOGGER** - Affix the white actuator to the spray canister to apply the product as a fine spray. Spray only when air is still and temperature is under 32°C. Hold can upright at arm's length with special fogging nozzle pointed away from you in a slightly downward direction. Stand at least 2 metres from area where insects are a nuisance and directly fog toward surrounding bushes and grass. Fog will extend up to six metres from nozzle. Spray beyond the immediate area where control is desired to achieve longer control. DO NOT exceed 6.25 g/m<sup>2</sup> (5 seconds/ 2 m<sup>2</sup>).

**JET** - Affix the red actuator to the spray canister to apply the product as a jet spray. The best time to spray the product is late in the evening or early morning, during cooler temperatures and when most insects are at rest inside the nest. Observe for little activity around the nest opening. Spray only when air is still and temperature is under 32°C. stand at a safe distance of at least 2 m from the nest. DO NOT stand directly under the nest. Treated insects may fall out of the nest and die. Hold can upright at arm's length and point special jet nozzle away from you in a slightly upward direction and at the nest. Spray will extend up to six metres from nozzle. First, spray into the opening of the nest. Then spray the rest of the nest until it is saturated. Allow sufficient time for insects to die. Any insects returning to the nest after treatment will be killed. Wait at least 48 hours or until no signs of activity before removing the nest.. DO NOT exceed 27 g/m<sup>2</sup> (10 seconds/ 2 m<sup>2</sup>).

**PRECAUTIONS: KEEP OUT OF THE REACH OF CHILDREN.** DO NOT puncture or incinerate. Contents under pressure. DO NOT place in hot water or near radiators, stoves or other sources of heat, or store at temperatures over 50° C. Avoid contact with skin,

2023-4321  
2024-04-04

eyes and clothing. Avoid inhalation of spray. Wash hands after using. Keep from freezing. Avoid contact with maidenhair ferns. DO NOT contaminate any body of water.

#### ENVIRONMENTAL PRECAUTIONS

Toxic to aquatic organisms. Toxic to bees. Avoid application around blooming plants. If applications must be made during the blooming period, restrict applications to evening when most bees are not foraging. For the treatment of stinging insect nests, this product is intended for use on yellow jackets, hornets and wasps only. Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas.

#### FIRST AID:

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**STORAGE:** Store this product away from food / feed.

**DISPOSAL:** DO NOT reuse empty containers. When container is empty, press button to release all pressure, then dispose in household garbage. DO NOT puncture or incinerate. Unused or partially used products should be disposed of at provincially or municipally designated hazardous waste disposal sites.

#### NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
