RETAIN PACKAGING FOR FUTURE REFERENCE

DIRECTIONS FOR USE:

Alleviates the annoyance from mosquitoes by repelling and killing mosquitoes and reducing the number of bites in an area up to 4.5 metres from the product (as large as an average-size deck or patio) for up to four hours. Effect is **not** immediate. For best results, allow 30 minutes for product to take effect. This product works well in outdoor areas where there is minimal air movement, such as decks, porches, patios and yards. Use one lantern per each 21.0 square metres (an area 4.5 x 4.5 metres or 15' x 15'). Use more lanterns in larger areas, spacing them to ensure adequate coverage. Wind, heat or humidity may affect the performance of this product. Lantern and mat effectiveness may be diminished if exposed to rain. Automatic shut-off switch if lantern tips or is lifted. Lantern provides light as it repels and kills mosquitoes. Simply turn lantern on, push the button and enjoy the outdoors for up to 4 hours per mat.

To Use the Light:

1. Open the battery compartment and insert [#] [size] [rechargeable] batteries. [Ensure the batteries are properly aligned with the +/- signs.] Close the battery compartment. [To recharge the batteries, use the included cord inserting the small end of the cord into the base of the lantern and inserting the plug into a powered outlet.] . [The [alkaline] [rechargeable] batteries will provide light for a maximum of [200] hours [on the LOW setting and [150] hours on the HIGH setting].
2. [To use the light, [push] [press] [turn] [slide] the [ON/OFF] [switch] [dial] [button] [to the ON position] [for [Low,] [Medium], [High], [SOS] light and OFF]. [Lantern light can be turned off at any time by holding the button [in] for [x] seconds.] [To turn the light off [push] [press] [turn] [slide] the ON/OFF [switch] [dial] [button] [to the OFF position]. [The dial] [slider] [toggle] [switch] can be used to increase/decrease the intensity of the light].
3. (Some lanterns come with a remote control device.) [On the remote control [press the ON button to turn the light on, and the OFF button to turn the light off.] [Press the button for the desired setting.]
4. [The light may be used with the mosquito repellent or independently.]

To Use the Mosquito Repellent:

1. Remove one Thermacell® mat from wrapper.
2. [Make sure the 'ON/OFF' button is in the 'OFF' position.] Insert the [repellent] mat under the grill [at the top of the lantern].
3. Remove [top of lantern] [and globe] [from] [base] [lantern bottom] [by squeezing the latch tabs and lifting out the top of lantern until it is fully removed from the base].
4. Remove butane cartridge cap and [screw] [insert] cartridge into lantern. Turn cartridge clockwise until it stops. Make sure cartridge is fully inserted. [Replace lantern [globe] [bottom]] [on base].
5. To activate the mosquito repellent, slide [turn] [push] the 'ON/OFF' [button] [knob] [dial] to the 'ON' position. The gas will begin to flow.
6. Wait approximately 5 to 10 seconds and then depress the 'START' button three to five times in rapid succession.
7. To verify that the mosquito repellent is activated look at the circular view hole located [at the top] [of] [on] the lantern. An orange light will glow. If there is no orange light, check to make sure the lantern is 'ON' and the cartridge is completely screwed into place. Also check the fuel level in the cartridge. If the fuel level in the cartridge is empty or near empty, remove cartridge and replace with a new Thermacell® cartridge. Then once again turn the lantern 'ON' and depress the start button three to five times in rapid succession. Check again to make sure the orange light is glowing.
8. When finished using the lantern [slide] [turn] [push] the 'ON/OFF' button to the 'OFF' position. If using the light, push [turn] [slide] the light switch to "OFF" to extinguish the lantern light. Allow lantern to cool completely. Lantern is now ready for storage.
9. To replace a used mat, turn off lantern and allow to cool completely. Push the used mat out by inserting a fresh mat.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN AND PETS. Harmful if inhaled. Avoid breathing vapours. For outdoor use only to kill and repel mosquitoes. Do not use indoors, in tents or any enclosed area. Do not touch the grill while the lantern is in use. The grill is hot while in use. Do not insert anything other than Thermacell® mats into the lantern. Place lantern on a flat, stable surface with the grill facing upward. Do not cover with any material while in use. Clean with a damp cloth only when the lantern is cool and inactive. Store unused mats in the original packaging in a cool, dry place inaccessible to children and pets. Store lantern and butane cartridges in a cool, dry place away from sources of heat. Harmful or fatal if swallowed. May be harmful if absorbed through skin. Avoid contact with skin and clothing. Wash hands with soap and water after use. Cover exposed food.

2024-1463

2024-05-24

Cartridge contains flammable butane. Do not use near sparks or open flames. Do not insert anything other than the mats in the grill. Do not allow mat to come into contact with other substances. Cartridges contain pressurized butane. Protect the butane cartridges from sunlight. Do not expose them to temperatures above 50°C (120°F). Do not pierce, break or incinerate butane cartridges, even after use. Butane cartridges other than Thermacell® cartridges will not work in this lantern. Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats.

ENVIRONMENTAL PRECAUTIONS

Toxic to aquatic organisms.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by disposal of wastes.

FIRST AID:

If swallowed: call a poison control centre or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If on skin or clothing: take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

STORAGE:

To prevent contamination, store this product away from food or feed.

DISPOSAL:

DO NOT reuse empty packaging. Wrap the used mats and butane cartridges and dispose in household trash. DO NOT incinerate butane cartridges. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites. Damaged cartridges are to be returned to the distributor or manufacturer.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

PRODUCT INFORMATION: NEW! Thermacell® MOSQUITO AREA REPELLENT II PATIO LANTERN

Ideal for use in Backyards, Gardens, Patios and at Outdoor Parties. Suitable for use while Fishing, Hunting and Camping.

Thermacell® Mosquito Area Repellent II Patio Lantern alleviates the annoyance from mosquitoes by repelling and killing mosquitoes and reducing the number of bites in an area as large as an average-size deck or patio (up to 4.5 metres from the product) for up to four hours. This product is portable and can be taken anywhere you expect annoying mosquitoes to be a problem. Simply insert the cartridge and repellent mat and push button to start. For use in backyards and other outdoor recreational areas such as patios and decks.

- [Dual use:] Repels mosquitoes and provides [bright] [ambient] light
- Lamp + Mosquito repellent
- Lamp provides {x}% more light than an ordinary candle
- New lamp provides bright light
- No exposed flame while in use
- Repellent and light can be used together or separately
- Use the lamp just for light, or just to repel mosquitoes, or for both purposes at the same time
- Additional products made by Thermacell include: {graphics and names of P.C.P. Act approved appliances}
- Automatic shut-off switch if lamp tips or is lifted
- Buy one get one free
- Convenient
- Cordless
- Coupon inside. Rebate offer inside
- Easily fits in a backpack, purse or small bag
- Easy to use
- Effective
- No candle, no messy wax, no open flame
- No match or lighter required to operate
- Odour free [and] silent
- Portable. Take it anywhere mosquitoes are a problem.
- Small, compact. Easily fits in backpack or bag.
- Powered by Thermacell®
- Refills [are] available
- Thermacell® makes [sells] additional mosquito repellent products, including {graphics and names of appliance}
- Thermacell® product line includes {graphics and names of P.C.P. Act approved appliances}
- Value [Summer] [Bonus] Pack: {number} dollar savings [off regular price]
- Value [Summer] [Bonus] [Backyard] [Multi-] Pack: {number} [free] refills
- Additional refills are available separately

Repellency

- [Each] cartridge lasts up to 12 hours
- Each mat lasts up to 4 hours
- Provides 21 sq. metre (225 sq ft) of protection for up to 4 hours per mat
- Repellency lasts up to 4 hours per mat.
- {number} mats are included in box
- Repels and kills mosquitoes in 4.5 x 4.5 metre (15 x 15 ft) area for up to 4 hours per mat
- Repels mosquitoes using a heat-activated repellent mat
- Repels mosquitoes in an area as large as an average size deck or patio [from an average size deck, patio] for hours

How it [Thermacell® Mosquito Area Repellent] Works

- Heat-activated repellent mat drives away mosquitoes
- Heating the repellent mat releases repellent into the air which kills and repels mosquitoes
- Repellent mat releases repellent when heated by the Thermacell® [power] cartridge

2024-1463

2024-05-24

- Thermacell® cartridge heats the repellent mat; repellent is released which kills and repels mosquitoes

Where Product is Used

Ideal [great] for backyard[s], barbecues, camping, decks, fishing, gardening, hunting, little league games, [other] social events [gatherings], outdoor dining, parties, patios, picnics, spectator sports [sporting events] [and yards]

Scent

- No odour [scent] [smell]
- Odour free
- Place product upwind for maximum effectiveness

Other

- Enjoy the outdoors again
- Gets rid of mosquitoes in 30 minutes and lasts up to 4 hours
- Protects [your]outdoor areas from mosquitoes
- Refills available wherever Thermacell® area repellent products are sold
- Thermacell Repellents, Inc. [Thermacell] offers convenient refill kits for use with this product
