DIRECTIONS FOR USE : SHAKE BEFORE USING . Within the specified use location, to enhance effectiveness of this product, apply directly to the listed pests where possible. For all labelled uses, treatment must only be repeated after 7 days if pest problem persists or reoccurs. Good sanitary practices should be maintained to prevent re-infestation.

FOR INDOOR USE AT BUILDINGS

USE LIMITATIONS

DO NOT apply when people or pets are present.

DO NOT allow people or pets to enter treated areas until sprays have dried.

DO NOT apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash following treatment. Any food/feed accidentally contaminated with spray solution must be discarded.

DO NOT apply to overhead areas or in confined spaces (e.g., attics, crawlspaces, small storage rooms, closets).

DO NOT allow spray to drip or allow drift onto non-target surfaces.

Ventilate treated areas after application by opening windows and doors or using fans where required to aid in the circulation of air.

HOW TO APPLY

DO NOT APPLY AS AN SPACE SPRAY OR BROADCAST TREATMENT. Apply as a crack and crevice, perimeter, spot or furniture (mattresses, box springs and bed frames) treatment only. Crack and Crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints, utility entry points and along baseboards and mouldings. Perimeter application is less than 0.3 m wide along the edges of a room to baseboards, wall-floor and ceiling-wall joints, and around doorways or windows. Spot Application is localized to a surface area not more than 0.2 m². Spots are not to be adjoining and the combined area of spots is not to exceed 10% of the total surface area of a room. Furniture Treatment: *broadcast application* covers large areas or the entire surface of items; *crack and crevice treatments* are applications to junction points on items; spot application is up to 10% of the surface of the item; and *tuft and/or seam treatment* (mattresses only) is to the junction of two or more pieces of fabric and any decorative trim (e.g., buttons).

TO KILL BEDBUGS: DO NOT use on items which can be laundered (e.g., pillows, bedding, toys, clothing, etc.). Remove bedding before treating mattress. Spray mattress, particularly around tufts and seams. Take bed apart and spray the bed frame, springs and all joints. Treated mattress must be dry before replacing laundered bedding. Also, apply to indoor building surfaces, including cracks and crevices in walls, floors and ceilings; along and behind baseboards and mouldings; and localized areas of walls behind and floors beneath furniture (e.g., bed and nightstand). **DO NOT** exceed 25 g/m² (10 seconds per m²).

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. **DO NOT** place in hot water or near radiators, stoves or other sources of heat, or store at temperatures over 50°C. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray. Wash after using. Keep from freezing. Cover fish bowls while spraying. **DO NOT** spray near birds.

FIRST AID: If swallowed:

Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Other symptoms of exposure could include respiratory effects (such as cough, respiratory irritation, or shortness of breath), nausea, headache or dizziness. Treat symptomatically.

STORAGE:

Store this product away from food / feed.

DISPOSAL: **DO NOT** reuse empty containers. When container is empty, press valve to release all remaining pressure. Wrap and discard empty container in household garbage. **DO NOT** puncture or incinerate. Unused or partially used products should be disposed of at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER: This pest control is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
