avoiding eyes and mouth. Apply sparingly around ears. Do not spray in enclosed spaces. Reapply if necessary after 12 hours for protection from mosquitoes and ticks and 10 hours for protection from black flies.

PRECAUTIONS: Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat or store at temperatures over 50C. Do not puncture or incinerate container. Supervise applications on children. Do not apply to the hands of smaller children. Do not use on infants under 6 months of age. Causes moderate eye irritation. Avoid contact with eyes, mouth, cuts, wounds or irritated skin. Flammable, do not store near heat sources, sparks or open flame. Do not smoke while applying.

FIRST AID: If in eyes: Hold eye open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a physician or poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Store in a cool, dry place out of the reach of children. Keep away from heat, sparks and open flame.

DISPOSAL: Do not re-use empty container. Wrap and dispose of empty container with household garbage.

MARKETING STATEMENTS THAT CAN BE USED:

1. REVOLUTIONARY NEW BOV Can USES THE POWER OF AIR
2. The BOV Can delivers a quiet spray without using CFCs or hydrocarbon propellants.

3. SPRAYS IN ANY DIRECTION, EVEN UPSIDE DOWN
4. Unlike products that utilize the BOV Can, conventional aerosol products require that a percentage of propellant be included, the purpose of which is to expel the contents out of the can.
5. The BOV Can uses air pressure instead of propellant.
6. The BOV Can has a quiet, non-chilling spray.
7. BOV Can - THE NEXT GENERATION IN SPRAY TECHNOLOGY
8. "The BOV Can sprays this product as a clear solution that is non-foamy, non-greasy."
9. BOV Cans do not contain propellant.
10. BOV Cans do not need or use hydrocarbon propellant.
11. BOV Cans use newer technology.
12. Propellants no longer needed if you use the BOV Can.
13. For the entire Family.
14. Considered acceptable for use on adults, youth, children, toddlers and infants over 6 months.
15. Long-lasting protection.
16. 12-hour effective protection from mosquitoes and ticks.
17. 10-hour protection from black flies.
18. All day protection.
19. Proven results!
20. Great smell!
21. Not oily, greasy or sticky
22. (Formulated with) (Contains) (Icaridin) (Saltidin®) (Picaridin)
