DIRECTIONS FOR USE:

FOR OUTDOOR USE ONLY. Use Bobbex Deer & Rabbit Repellent Concentrate to prevent feeding damage to outdoor ornamental plants, including trees, shrubs, flowering and non-flowering plants by white-tailed deer and black-tailed deer. Bobbex Deer & Rabbit Repellent Concentrate repels rabbits and hares from feeding on outdoor ornamental plants. Apply as follows:

- Dilute one part Bobbex Deer & Rabbit Repellent Concentrate with 5 parts water. Shake well.
- Spray plants when temperature is between 2° and 30°C.
- Spray on dry plants and allow product to dry completely before watering or rain.
- Spray diluted product to the entire plant until wet but not until dripping.
- **DO NOT** enter or allow entry into treated areas until sprays have dried.
- **DO NOT** apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs) or where children play.
- **DO NOT** apply undiluted.
- Re-apply after 28 days for conifers and 14 days for all other ornamentals if risk of feeding damage persists.
- Re-apply as required in heavily browsed areas.
- Always spray new growth.
- Rinse sprayer nozzle after every use.

Bobbex Deer & Rabbit Repellent Concentrate has been tested on some outdoor ornamental plants without damaging the plant. However, it is recommended to spray a small test area on a plant to determine if plant damage (phytotoxicity) occurs as a result of spraying the product prior to spraying larger areas.

Do not apply to edible crops (e.g., vegetables, berries, fruit trees).

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

DO NOT apply to any body of water

PRECAUTIONS:

KEEP OUT OF THE REACH OF CHILDREN

Wear long-sleeved shirt, long pants, waterproof gloves, socks and shoes when diluting, mixing and applying the product. Avoid contact with skin, eyes, or clothing. Wash hands before touching eyes or face and prior to using the washroom.

Severely irritating to the eye. **DO NOT** get in eyes. May irritate skin. Avoid inhaling as a mist or dust on drying.

May cause sensitization. **DO NOT** apply if allergic to eggs, soy or fish. Apply only when the potential for drift to areas of human habitation or areas of human activity such as houses, cottages, schools and recreational areas is minimal. Take into consideration wind speed, wind direction, temperature inversions, application equipment and sprayer settings.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically

STORAGE

To prevent contamination store this product away from food or feed.

DISPOSAL:

DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the [Pest Control Products Act](#) to use this product in a way that is inconsistent with the directions on the label.
