Valdosta GA 31604
USA

DIRECTIONS FOR USE:

To be used only in the manufacture of a pesticide which is registered under the *Pest Control Products Act*.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Wear protective gloves and face shield when handling. Remove any contaminated clothing immediately. Wash hands and exposed skin thoroughly after handling.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

STORAGE:

Do not store at temperatures below 0 °C.

SPILLAGE CLEAN-UP: Keep bystanders away from the spill area. Do not smoke, drink, or eat during cleanup operations. Wear protective equipment to prevent inhalation and skin or eye contact during cleanup operations. After cleanup operations, remove and wash all protective clothing and equipment. Shower and wash thoroughly with soap and water.

For spills occurring on land, avoid runoff into storm sewers and ditches that lead to waterways. Clean up spill immediately. Absorb spill with inert material (such as dry sand or earth), then place in a chemical waste container. Wash spill site with soap and water. Pick up wash liquid with additional absorbent and place in an appropriate container for disposal in an approved site. For spills occurring in water, stop or reduce further contamination. This material is insoluble and is heavier than water. Isolate the contaminated water. Remove the contaminated water and place in an appropriate container for treatment and/or disposal in an approved disposal site.

Dispose of damaged packaging materials in an approved manner.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredient and containers in accordance with municipal and provincial regulations. For additional details and clean up of spills, contact the manufacturer or the provincial regulatory agency.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
