DIRECTIONS FOR USE

To be used only in the manufacture of a pesticide which is registered under the *Pest Control Products Act*.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Strictly observe all precautions for handling and using pesticides. Avoid contact with skin, eyes and clothing.

CORROSIVE to the eye. **DO NOT** get in eyes or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses). Potential skin sensitizer.

Where skin contact is likely, wear chemical-resistant gloves, coveralls, socks and appropriate footwear. Avoid inhalation of dust. Wear a powered air purifying respirator (PAPR) air helmet or NIOSH-approved air-purifying respirator with an N, P, R 95 or HE class filter and an organic vapour cartridge when handling this product during manufacturing processes. Tight fitting eye protection or full face/hooded powered air-purifying respirators should be used by operators to prevent eye contact. Use a pressure-demand atmosphere-supplying respirator if there is any potential for uncontrolled release, or exposure levels are not known.

Do not eat, drink, smoke or apply cosmetics while working.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, applying cosmetics, or using washroom facilities.
Do not contaminate food, feed or water supplies.

Protective Equipment:

Heavy-duty cotton or synthetic fabric working clothes (e.g. coveralls). Rubber apron. Heavy-duty shoes or boots. Chemical resistant gloves. Goggles or face-shield. In case of heavy exposure, wear a respirator as indicated above.

During Work:

After contamination, **IMMEDIATELY** wash skin with soap and water. Clean soiled clothing. After eye contact, flush eyes with clean water for several minutes and call a physician or contact a poison control centre **IMMEDIATELY**. Change contaminated clothing.

After Work:

Wash thoroughly (shower or bath, wash hair, clean under fingernails). Change clothing. Thoroughly clean protective clothing and gear. Thoroughly clean contaminated equipment after use.

FIRST AID

IN CASE OF POISONING, contact a physician or a poison control centre **IMMEDIATELY**.

If swallowed, call a poison control centre or doctor **IMMEDIATELY** for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If on skin or clothing, take off contaminated clothing. Rinse skin **IMMEDIATELY** with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

There is no specific antidote if this product is ingested. Treat symptomatically. Temporary allergic skin reactions may respond to treatment with oral antihistamines or steroid creams and/or systemic steroids.

ENVIRONMENTAL PRECAUTIONS

This product is toxic to aquatic organisms. **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

STORAGE

Store in sealed containers in a secure, dry, ventilated area away from frost, direct sunlight and other sources of heat and ignition.

DO NOT contaminate water, food or feed by storage.

SPILL CLEANUP

During decontamination, the operator must wear protective clothing as described above under **PRECAUTIONS**.

Dry spillages should be collected immediately, by suction, and disposed of as toxic waste according to local legislation.

Contaminated areas should be washed down with cold water and the washings prevented from entering surface-water drains.

DISPOSAL

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal and provincial regulations. For additional details and clean up of spills, contact the manufacturer and the provincial regulatory agency.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
