TotalSTOP provides long-lasting, 12 hour effective protection from mosquitoes and ticks, and 10 hour protection from black flies. Not oily, greasy or sticky. Will not damage fishing lines, plastic or other synthetic materials.

DIRECTIONS FOR USE:

Open the pouch and remove towelette. Immediately unfold towelette and apply evenly over all exposed skin. Avoid eyes and mouth when applying to face. More than one towelette may be required to provide adequate coverage and protection. Apply sparingly, not under clothing and only when necessary. Do not apply on excessively sunburned skin. Reapply if necessary after 12 hours for protection from mosquitoes and ticks and 10 hours for protection from black flies.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

Supervise applications on children. Do not apply to the hands of smaller children. Do not use on infants under 6 months of age. Causes eye irritation. DO NOT get in eyes. Avoid contact with mouth, cuts, wounds or irritated skin.

FIRST AID:

If in eyes: Hold eye open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed: Call a physician or poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

STORAGE:

Store in a cool, dry place away from food or feed.

DISPOSAL:

Dispose empty packages and used towelettes together with regular household waste.
