PRECAUTIONS

CORROSIVE. KEEP OUT OF REACH OF CHILDREN. Corrosive to eyes and skin. Do not get in eyes or on skin. Harmful if swallowed or inhaled. Potential skin sensitizer. May cause allergic skin reaction. Wear chemical-resistant coveralls over a long-sleeved shirt, long pants, chemical-resistant gloves, socks, chemical-resistant footwear and a full-face respirator with a NIOSH-approved organic-vapour-removing cartridge with a prefilter approved for pesticides, or a NIOSH-approved canister approved for pesticides, during mixing, loading, application, clean up, and repair. Avoid breathing vapor or spray mist. Avoid contamination of food. Wash thoroughly after handling.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Probable mucosal damage may contraindicate the use of gastric lavage. Treat symptomatically.

ENVIRONMENTAL PRECAUTIONS

Toxic to fish.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning equipment or disposal of wastes.

STORAGE

Store this product away from food or feed. This product is corrosive to mild steel. Do not store or transport in unlined metal containers.

DISPOSAL

1. Triple or pressure rinse the empty container. Add the rinsings to treatment site.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.

DIRECTIONS FOR USE

Use to prevent degradation of concrete admixtures by bacteria and fungi. Add Preventol WB while admixture is being prepared or packaged

It is recommended that the users conduct their own tests within the label rate to determine the effective use rate for their specific product.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning equipment or disposal of wastes.

This registration is granted under the *Pest Control Products Act* and does not exempt the user from any other legislative requirements.

Use of this product and management of any resulting discharge or release of effluents containing this product must also be in accordance with the *Fisheries Act* and with any other applicable federal or provincial legislation.

Consult with provincial regulatory authorities on any authorizations or other requirements for use of this product and management of any resulting discharge or release of effluents containing this product.

Concrete Admixtures:

To control contamination by bacteria and fungi during storage, add 2500 g to 7000 g of Preventol WB to each 1000 kg of product (2500 – 7000 ppm).
