IN CASE OF SPILLS, POISONING OR FIRE, TELEPHONE EMERGENCY RESPONSE
NUMBER 1-800-334-7577 (24 HOURS A DAY)

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.

NATURE OF RESTRICTION: For use under the supervision of Parks Canada. Only to be applied by individuals who are provincially certified and trained in the application of this product and who hold a pesticide applicator certificate or license recognized by the provincial/territorial pesticide regulatory agency where the application occurs. This product is to be used only in the manner authorized. Consult local pesticide regulatory authorities about use permits which may be required.

Do not formulate this product into other end-use products.

RESTRICTED USES: For control of fleas in black-tailed prairie dog burrows.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Harmful if inhaled. Avoid breathing dusts. Avoid contact with skin, eyes or clothing. Wear a long-sleeved shirt, long pants, chemical-resistant gloves, socks and shoes during loading, calibration, application, clean-up and repair. Loaders, calibrators, and applicators must wear a respirator with a NIOSH-approved organic-vapour-removing cartridge with a prefilter approved for pesticides, or a NIOSH-approved canister approved for pesticides. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove Personal Protective Equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID: Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice.

Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR ON CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

TOXICOLOGICAL INFORMATION: Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Treat symptomatically.

ENVIRONMENTAL PRECAUTIONS: Toxic to aquatic organisms. Toxic to small wild mammals. However, not expected to affect burrowing mammals when used according to label directions. Toxic to bees and certain beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). However, not expected to affect populations of bees and non-target beneficial arthropods when used according to label directions.

STORAGE: Store product in original container in a cool, dry, locked place out of reach of children. To prevent contamination store this product away from food or feed.

DISPOSAL

1. Thoroughly empty the contents of the container into the application device.
2. Make the empty container unsuitable for further use.
3. Dispose of the container in accordance with provincial requirements.
4. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

This product is to be used only in the manner authorized. Consult local pesticide regulatory authorities about use permits which may be required.

Do not formulate this product into other end-use products.

RESTRICTED USES: For control of fleas in black-tailed prairie dog burrows.

DIRECTIONS FOR USE:

FLEAS IN BLACK-TAILED PRAIRIE DOG BURROWS:

To control fleas in black-tailed prairie dog burrows, apply 6 grams of product per burrow. Treat abandoned burrows which are suspected of containing fleas. Apply DeltaDust Powder with appropriate dusting equipment. Reapply if monitoring indicates that it is necessary.

DO NOT apply using handheld or automated fogging, mist blower, or airblast equipment.

As this product is not registered for the control of pests in aquatic systems, **DO NOT** use to control aquatic pests.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Harmful if inhaled. Avoid breathing dusts. Avoid contact with skin, eyes or clothing.
