To be used only in the manufacture of a pesticide which is registered under the *PEST CONTROL PRODUCTS ACT*.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL

Strictly observe all precautions for handling and using pesticides. May irritate eyes. May irritate skin. Potential skin sensitizer. Avoid contact with skin, eyes and clothing. Wear protective goggles when handling. **DO NOT** wear contact lenses while handling. Use of an approved pesticide respirator is recommended. Wear coveralls or long-sleeved shirt and long pants, chemical resistant gloves, boots and goggles when handling. Wash gloves thoroughly with soap and water before removing them during, or following, any operation. Wash exposed areas of skin thoroughly with soap and water after handling product and before eating, drinking, chewing gum, smoking or using the toilet. **DO NOT** eat, drink or smoke during handling. Remove contaminated clothing **IMMEDIATELY** after use. Wash exposed areas of skin thoroughly with soap and water after handling contaminated clothing.

FIRST AID:

In case of poisoning, IMMEDIATELY call a physician or poison control centre. Take container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

TOXICOLOGICAL INFORMATION:

There is no specific antidote. If this product is ingested, treat symptomatically.

ENVIRONMENTAL PRECAUTIONS:

TOXIC to aquatic organisms. DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

STORAGE:

Store product in the original container. Keep out of the reach of children and animals. DO NOT contaminate water, food or feed by storage. If freezing occurs, place the container in a warm room (18°C or above) and allow product to thaw. Roll or shake container frequently until thawing is complete.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal and provincial regulations. For additional details and cleanup of spills, contact the manufacturer and the provincial regulatory agency.
