REGISTRATION NO. 33915 PEST CONTROL PRODUCTS ACT

NET CONTENTS: _____ KG

Troy Chemical Company One Avenue L Newark, NJ 07105 U.S. (973) 589-2500 Canada (905) 760-7902

PRECAUTIONS:

KEEP OUT OF THE REACH OF CHILDREN. Corrosive to the eye. Causes skin irritation. Harmful if inhaled. Avoid inhaling sprays and vapors. Do not get in eyes, on skin or on clothing. Harmful or fatal if swallowed. Wear coveralls over a long-sleeved shirt, long pants, chemical-resistant gloves, socks, chemical-resistant footwear, and a full-face respirator with a NIOSH-approved organic-vapour-removing cartridge with a prefilter approved for pesticides, or a NIOSH-approved canister approved for pesticides during mixing, loading, application, clean-up and repair. Avoid contamination of food. Do not reuse container. Destroy when empty.

DIRECTIONS FOR USE:

TROYGUARD B20G is an effective preservative for most aqueous applications.

TROYGUARD B20G is used in aqueous or water-containing products and systems to control growth of bacteria and fungi.

Use rates are in percentage by weight and refer to the product TROYGUARD B20G.

In order to determine the most cost effective use level for TROYGUARD B20G in a given use, field trials are suggested.

The use rate is 0.05 - 0.25% wt/wt in the following products: liquid laundry detergents, fabric softeners, all-purpose cleaners, car polish, tire shine, dishwashing liquid, stain removers, and wet wipes.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If in eyes**: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control centre or doctor for treatment advice.

<u>If inhaled:</u> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice,

Take container, label, or product name and Pest Control Product Registration Number with you when seeing medical attention.

TOXICOLOGICAL INFORMATION:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed. Treat symptomatically

STORAGE:

Protect from frost: If frozen, allow to thaw, stir well before use.

DISPOSAL:

- 1. Triple ore pressure-rinse the emptied container thoroughly and add the rinsings to the treatment site.
- 2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
- 3. Make the empty container unsuitable for further use.
- 4. Dispose of the container in accordance with provincial requirements.
- 5. For information on the disposal of unused, unwanted product, contact the provincial regulatory agency or the manufacturer. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
