(SECONDARY PANEL)

NO NAME SCENTED ANTIBACTERIAL CAT LITTER is created from a naturally occurring blend of clays ~ Diatomaceous Earth and Montmorillonite Clay. Our unique blend, from an ancient lakebed, has better moisture absorbency and odor control than other traditional litters. NO NAME SCENTED ANTIBACTERIAL CAT LITTER absorbs moisture and odor on contact.

NO NAME SCENTED ANTIBACTERIAL CAT LITTER contains a Biodegradable, Moisture-Activated Scenting for an extra fresh scent as the litter box is used. NO NAME SCENTED ANTIBACTERIAL CAT LITTER Antimicrobial Formula controls the growth of odor-causing bacteria and resists microbial odor development in the litter.

Optional:

Encourage your cat's good habits by providing a sanitary, well-kept litter box.

DIRECTIONS FOR USE:

1. Fill a clean, dry litter box with approximately 6 - 8 cm (2 - 3 inches) of litter.
2. Remove solid waste once a day.
Optional: Remove solid waste every day.
3. For extra freshness, stir up litter at night.
Optional statement: For extra freshness, stir up litter once a day.
4. Optional statement: Replenish litter box as needed to maintain a depth of 6-8 cm (2-3) in.
4. Completely empty and wash litter box once a month.

DISPOSAL:

Dispose of solid waste or used and unused cat litter in accordance with local regulations.

Optional disposal statement:

Dispose of pet waste or used an unused cat litter in accordance with local regulations.

PRECAUTIONS:

Pregnant or nursing women and people with a suppressed immune system should note that a parasite found in cat feces can cause toxoplasmosis. They should exercise caution and consult a physician before handling a litter box.

Always wash hands thoroughly after preparing or cleaning the litter box.
For further information, consult your local public health office. Optional:
KEEP OUT OF REACH OF CHILDREN

WARNING:

Do not flush cat litter in toilets or dispose of it outdoors in gutters or storm drains, or any other waste water system. Keep the litter away from food preparation.
