**Pest Control Products Act** 

**NET CONTENTS: 200-1000L** 

Farmers Business Network Canada, Inc. PO Box 5607 High River, Alberta T1V 1M7 1-844-200-FARM (3276)

#### **DIRECTIONS FOR USE**

To be used only in the manufacture of a herbicide which is registered under the Pest Control Products Act.

#### **PRECAUTIONS**

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Wear protective gloves and face shield when handling. Remove any contaminated clothing immediately. Wash hands and exposed skin thoroughly after handling.

# **FIRST AID**

Move person from contaminated area, remove contaminated clothing. Keep patient warm, comfortable, and at rest. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-

20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rising in eye. Call a poison control

centre or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately

with plenty of water for 15-20 minutes. Call a poison

control centre or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call

911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: Call a poison control centre or doctor immediately for

treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by

mouth to an unconscious person.

# TOXICOLOGICAL INFORMATION

Treat symptomatically.

# **STORAGE**

Do not store at temperatures above 0° C (32° F).

#### SPILLAGE CLEAN UP

Keep bystanders away from the spill area. Do not smoke, drink, or eat during clean up operations. Wear protective equipment (respirator, coveralls, rubber boots and protective gloves) to prevent inhalation and skin or eye contact during clean up operations. After clean up operations, remove and wash all protective clothing and equipment. Shower and wash thoroughly with soap and water.

For spills occurring on land, avoid runoff into storm sewers and ditches that lead to waterways. Clean up spill immediately. Absorb spill with inert material (such as dry sand or earth), then place in a chemical waste container. Wash spill site with soap and water. Pick up wash liquid with additional absorbent and place in an appropriate container for disposal in an approved site. For spills occurring in water, stop or reduce further contamination. This material is insoluble and is heavier than water. Isolate the contaminated water. Remove the contaminated water and place in an appropriate container for treatment and/or disposal in an approved disposal site.

Dispose of damaged packaging materials in an approved manner. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.

# **DISPOSAL**

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean- up of spills, contact the manufacturer or the provincial regulatory agency.

#### **NOTICE TO USER**

This pest control product is to be used only in accordance with the directions on the label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
