DOG & COYOTE ATTACK DETERRENT

This product may be used to deter dogs or coyotes that are attacking or appear likely to attack humans. This product may not be effective in all situations or prevent all injuries. Effective against coyotes, although every effort should be made to avoid contact with this species.

DO NOT SEEK OUT ENCOUNTERS WITH DOGS OR COYOTES. THIS PRODUCT IS A DOG OR COYOTE ATTACK REPELLENT THAT MAY PROTECT USERS IN SOME UNEXPECTED CONFRONTATIONS WITH DOGS OR COYOTES BUT MAY NOT BE EFFECTIVE IN ALL SITUATIONS OR PREVENT ALL INJURIES. READ THIS ENTIRE LABEL BEFORE TAKING THIS PRODUCT INTO AREAS WHERE DOGS OR COYOTES MIGHT BE ENCOUNTERED.

DIRECTIONS FOR USE:

DO NOT apply to any body of water. When threatened by an aggressive dog or coyote, *turn actuator 45 degrees. {... lift flip-top safety cover...}* to "**Ready**" position.

Place finger on actuator tab. Point nozzle directly towards dog's/coyote's face. Depress actuator tab for a burst of spray to a maximum range of 3 meters. Move away to avoid exposure to spray.

This product provides approximately 6 one second bursts of spray.

FOR OUTDOOR USE ONLY. Capsaicin sprays have been proven effective in repelling aggressive dogs and/or coyotes only when sprayed directly into the face, especially in the eyes or on the nose of the animal. This product is only to be used to deter aggressive dogs and/or coyotes that are attacking or about to attack people. DO NOT seek out encounters with dogs and/or coyotes. There is no guaranteed method of responding to an aggressive dogs and/or coyotes encounter because each encounter is unique. This product is a dogs and/or coyotes attack repellent that may protect users in some unexpected confrontations with these animals but may not be effective in all situations or prevent all injuries. This product must be used only as a last resort. DO NOT use this product against people or non-target animals. READ THIS ENTIRE LABEL BEFORE TAKING THIS PRODUCT INTO AREAS WHERE AGGRESSIVE DOGS AND/OR COYOTES MIGHT BE ENCOUNTERED.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

Do not spray this product on objects or humans; such use has no deterrent effects on dogs or coyotes. Do not seek out encounters with dogs or coyotes or intentionally provoke them. Keep safety closed except when using product. Do not eat or allow to be eaten any food or feed material that may have been contaminated with this product. Avoid contact with skin and eyes and avoid inhalation of spray. Severe irritation to eyes, nose and skin can occur. Avoid touching eyes and face until you have washed your hands. Persons with respiratory problems or wearing contact lenses should not use this product. While travelling do not store in passenger compartment. Contact air carriers concerning air transport. Contents under pressure. Container may explode if heated. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture container store at temperatures over 50°C.

DISPOSAL:

Do not incinerate. When the container is empty, press valve to release all pressure. Dispose of empty container in household garbage.

FIRST AID:

If in eyes: hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

LED ARMBAND

- Band adjusts to fit arm circumference 6” to 17.5”
- Dual-mode LED light: Steady Glow or Flashing
- LED Light Run Time: Up to 70 Hours
- LED Light Life: 100,000 Hours
- Weather-Resistant

DIRECTIONS:

1. Remove the plastic battery protection slip from the battery unit located on the underside of the band, on the same side as the power button. Pull battery/LED light unit out slightly to access battery.
2. To use the light in ‘steady’ mode press the power button once. Press the power button again for flashing mode. Press a third time to turn off the light.
3. To adjust arm band, pull back lever on buckle to release elastic strap. Adjust band to desired fit and push lever back into buckle to secure strap. Once arm band is fitted, slide the pepper gel holster on the arm band to desired position. Can be configured to wear on the left or right arm; simply change the direction of the Velcro pouch to the correct position by pulling off the pouch and reattaching.

BATTERY REPLACEMENT:

1. Uncover the battery unit on underside of band, located on the same side as the power button. Pull battery/LED light unit out slightly to access battery.
2. Use the edge of your fingernail to push the battery out of the compartment and safely dispose of used battery.
3. Slide new CR2032 battery into the compartment, noting the polarity is correct. Slide the battery/LED light unit completely back into fabric band and ensure battery unit is covered.

BATTERY WARNINGS:

- LED Arm Band requires one CR 2032 Lithium battery (included)
- Caution: Battery may leak harmful liquids or ignitable materials or explode causing injury and product damage.
- Replace fully discharged battery immediately
- Storage: Remove battery before storing the arm band for extended periods of time to prevent battery from corroding and damaging the arm band.
