NOTICE TO USER

This control product is to be used in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

DIRECTIONS FOR USE

To clean, disinfect, and deodorize floors, walls, fixtures and other hard surfaces, dilute GERMGUARD DETERGENT 12 mL/litre with water. For hospital areas, a dilution of 25 mL/litre is recommended. Allow surface to remain wet for 10 minutes, then remove excess liquid. Prepare a fresh solution for each use. Surfaces which will come into direct contact with food must be rinsed thoroughly with potable water after using this product.

FIRST AID

In case of contact with skin or eyes give prolonged irrigation with water. In case of ingestion, wash out mouth thoroughly with water and give water to drink. In all cases obtain medical attention or call poison control centre.

PRECAUTIONS

Eye and skin irritant. Avoid ingestion, inhalation and contact with skin, eyes and clothing. Where there is a risk of contact, wear protective clothing. Avoid contact with metals. Store away from oxidizing materials, heat, ignition sources, food and food containers.

NOTE: This product must not be used in potable water systems.

DISPOSAL

Rinse the emptied container thoroughly and add the rinsings to system. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.
