Chlorpyrifos 0.50%

REG. NO. 23731 P.C.P. ACT

S.C. JOHNSON AND SON, LIMITED
Brantford, Ont. Canada
N3T 5R1

Kills ants, earwigs, cockroaches, spiders, crickets, millipedes, silverfish, American dog and cat fleas, American and Brown dog ticks, carpet beetles.

DIRECTIONS:

INDOORS: Thoroughly treat cracks, crevices, baseboards, underneath furniture, around garbage containers, localized areas of floors (spot treatment only) and other places where insects habitate. Thorough applications produce a coating which will vaporize into cracks and crevices for insect control. If reinfestation occurs, repeat applications. Provide adequate ventilation after indoor use. KEEP CHILDREN AND PETS AWAY FROM SURFACE UNTIL DRY.

OUTDOORS: Spray outside surfaces of screens, doors, window frames, foundations, patios, light fixtures and other places where insects may alight or enter.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes, skin or clothing. DO NOT USE ON PLANTS, ANIMALS, FOOD STUFF, FOOD UTENSILS, FISHBOWLS, OR ANIMAL FEED AREAS. DO NOT USE AS A SPACE SPRAY. DO NOT CONTAMINATE FOOD STUFFS.

Thoroughly wash all surfaces that might contact food before reuse.

FIRST AID TREATMENT: If swallowed, call physician immediately. Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal. In case of contact with skin, wash with soap and water. If in eyes, flush with water 15 minutes, call Poison Control Centre and get medical attention.

DISPOSAL: Do not reuse container. Dispose of empty container in household garbage.

Questions? Comments? Call 800-558-5566 weekdays 9-9 Eastern Time or write Helen Johnson.
