Notification Change

DIRECTIONS: Apply at intervals of 7 to 10 days, more often if diseases conditions warrant. Dust should completely cover leaf for effective control. Rate of use: 500g per 100m².

2 IN 1 BUG KILLER is recommended as follows for control of insects and plant diseases (early and late blight).

POTATOES: Colorado Potato Beetle, Flea Beetle, Leaf Hoppers, early and late blight.

Do not apply to crops within a preharvest interval, potatoes 7 days.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Avoid inhalation of dust. Store in a cool dry place and keep Container closed when not in use. Wash vegetables before using. Toxic to Honey Bees, do not apply when plants are in bloom.

TOXICOLOGICAL INFORMATION: Carbaryl is a moderate, Reversible cholinesterase inhibitor. Atropine is antidotal.

FIRST AID: If swallowed or inhaled, call a physician or poison control centre immediately. If in eyes, flush thoroughly with clean water, get medical attention. If on skin, wash with soap and water. Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

DISPOSAL: Do not reuse empty container. Wrap and dispose of empty container with household garbage.

NOTICE TO BUYER: seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
