DIRECTIONS FOR USE: To be used only in the manufacture of products registered under the PEST CONTROL PRODUCTS ACT.

PRECAUTIONS: Strictly observe all precautions for handling and using pesticides. Avoid contact with skin, eyes and clothing. Do not contaminate food, feed or water supplies. This product is harmful to birds, fish and wildlife. Care must be taken to exclude moisture. When drums are opened for inspection or use, they must be tightly resealed.

FIRST AID: In case of poisoning, call a physician immediately.

If on skin, remove contaminated clothing immediately. Wash skin thoroughly with soap and water.

If in eyes, immediately flush eye with large amounts of clean water for at least 15 minutes. Hold eyelids apart to ensure thorough rinsing. Obtain medical attention immediately.

If swallowed, give large quantities of water and induce vomiting.

Never give anything by mouth to an unconscious or convulsive person. Artificial respiration may be required. Obtain medical attention immediately.

If inhaled, move to fresh air, change clothing, wash thoroughly. Obtain medical attention immediately. Artificial respiration may be required.

TOXICOLOGICAL INFORMATION: Diazinon is a cholinesterase inhibitor. If cholinergic symptoms occur, give atropine as an antidote. Obtain medical attention immediately.

DISPOSAL AND DECONTAMINATION: Do not re-use container. Crush, break or puncture empty containers and bury, or deliver them to sanitary land fill dumps in accordance with municipal requirements. For additional details on the disposal of containers and for information about the appropriate means of disposing of unused, unwanted product, contact the regional office of Environment Protection Service.

STORAGE: Store in original container in a well-ventilated, cool, dry and secure area. Ship and store away from food, feed or seed. Keep containers tightly closed.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.
