DIRECTIONS FOR USE: For control of bacteria and fungal slime in industrial recirculating cooling water systems and recirculating process water scrubber systems, add 40-200 mg/L once a week based on system's volume. If contamination is excessive, use 200-400 mg/L until the system cleans up. Feed directly into the cooling or process system's water where it will be uniformly mixed. Do not apply to potable water supply. Use PVC, stainless steel or

polyethylene feeding equipment.

PRECAUTIONS: This chemical is irritating to the skin and eyes. Keep out of reach of children. Avoid contact with skin, eyes or clothing. Wear goggles or face shield and rubber gloves. Do not take internally. Keep container closed when not in use. Remove and wash contaminated clothing before reuse.

FIRST AID: In case of contact immediately wash skin with plenty of soap and water for at least 15 minutes. For eyes, immediately flush with plenty of water for at least 15 minutes and get medical attention. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or water. Call a physician or poison control centre.

DISPOSAL:

1. Close valve.
2. Arrange for return of Porta-Feed.
3. For information on the disposal of unused, unwanted product and the cleanup of spills contact the Provincial Regulatory Agency or the Manufacturer.
4. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS.

NOTICE TO USER: This control product is to be used only in accordance with the directions on the label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts this product on these conditions.
