BUGCON FLEA - FLY FREE - Liquid Pump

DIRECTIONS FOR USE: For the control of dog and cat fleas,
American dog tick, and American brown tick. Shake well before
using. Hold container in upright position 25 to 30 cm from pet
and spray entire body beginning at tail and working towards the
head. KEEP AWAY FROM EYES, FACE AND GENITALS. Dampen the hair
and fluff it up as you spray, to allow penetration to the skin.
Do not soak. Spray ticks directly. Repeat as necessary but
don't treat more than once every seven days. Bed and living
quarters should also be sprayed. Do not use on nursing females
or kittens or puppies under 8 weeks old. Do not spray sick
animals or those under drug or pesticide treatment. Consult your
veterinarian regarding use on pregnant animals.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Discontinue use if dermal or nasal irritation develops. Avoid inhalation of spray. Do not use near fish, food or foodstuffs. Keep away from open flame or sparks. Wash hands thoroughly after use.

FIRST AID: If sprayed in eyes, rinse thoroughly with cold water. If eye irritation persists, contact a physician. If accidentally ingested, induce vomiting and seek medical attention or call Poison Control Centre IMMEDIATELY (take container with you).

DISPOSAL: Do not re-use container. Wrap empty container in newspaper and discard with household garbage.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product under that condition.
