OPEN THE PEEL BACK PANEL
AND READ THE DIRECTIONS
FOR USE AND PRECAUTIONS
BEFORE USING

CONTROLS OVER 50 DIFFERENT LAWN WEEDS

DIRECTIONS FOR USE:

TO CONTROL	DILUTION RATES/ COVERAGE AREA		TIMING/ APPLICATION
	GREEN CROSS® DIAL-A- SPRAY® SETTING**	COMPRESSED AIR SPRAYER	
Dandelions, Plantain, Chickweed, Clover, Bedstraw, Black Medick (Yellow Clover), Heal- all, Ground Ivy (Creeping Charlie), Knotweed, Ragweed, Shepherd's- purse, Poison Ivy, Devil's Paint Brush, Buttercup, English Daisy.	6	Mix 6 mL* of KILLEX per litre of water to treat 5 square metres (50 square feet).	Apply in late spring or early fall on actively growing weeds. Avoid application during long, dry periods. Fertilize and water lawn after weeds are killed to fill any bare spots. Repeat as necessary.

*5 mL = 1 teaspoon.

**The GREEN CROSS DIAL-A-SPRAY is a hose-end sprayer with various settings. The number of the setting is the number of mL of product being applied per litre of water. Please refer to the DIAL-A-SPRAY label for use instructions.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Avoid spray drift onto susceptible plants. Spray is injurious to many desirable ornamentals and vegetables. Do not apply when rain is expected. Do not water within 24 hours of spraying. Do not use on bentgrass varieties (golf greens). Do not use same sprayer for other uses. Do not apply to newly seeded lawns until after 3rd mowing. Do not store near seeds, fertilizers, insecticides or fungicides.

Protective Clothing:

- Wear long-sleeved shirt, long pants, socks and chemical-resistant (e.g., rubber) gloves.

Operator Use Precautions:

- Rinse gloves before removal.
- Wash hands before eating, drinking, using tobacco or using the toilet.
- If pesticide penetrates clothing remove immediately; then wash thoroughly and put on clean clothing.
- Remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water, then shower.
- Re-use gloves for pesticide application only.

Re-entry Interval:

- Do not allow people (other than the applicator) or pets on the treatment area during application.
- Do not enter treated areas until spray has thoroughly dried.

Maximum Application Frequency:

- For good turf/lawn management, normally two applications per year per treatment site are adequate. This does not include spot treatments.

FIRST AID:

If swallowed, induce vomiting. Obtain prompt medical attention or contact Poison Control Centre. Avoid contacting skin and eyes. If in eyes, flush with clear water. If on skin, wash with soap and water. Get medical attention if irritation persists. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

DISPOSAL:

Do not re-use empty container. Wrap and dispose of empty container with household garbage.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
