READ THE LABEL BEFORE USING
468 g (16.5 oz)

G P CHEMICALS SPECIALTY LTD.
55 West Beaver Creek Rd., Unit #10
Richmond Hill, Ontario L4B 1K5

INDOOR USE: Thoroughly treat cracks, crevices, baseboards, around garbage containers and other places where insects inhabit. For spot treatment in industrial plants, manufacturing plants, warehouses, meat packing plants, food processing plants. Crack and crevice treatment in ship holds, railroad boxcars, industrial plants, manufacturing plants, warehouses, meat packing plants and food processing plants. Farm buildings (in and around dairy cattle, beef cattle, swine, sheep, poultry), feed lots, corrals, stockyards, holding pens and other livestock holding areas.

OUTDOOR USE: Spray localized areas on outside surfaces of

industrial plants, manufacturing plants, warehouses, meat packing plants, food processing plants.

DIRECTIONS: Hold container approximately 30 cm from surface being sprayed and spray until wet. Thorough applications produce a coating which will flow into cracks and crevices for insect control. If reinfestation occurs, repeat applications. Provide adequate ventilation after indoor use.

KEEP OFF TREATED AREAS UNTIL SPRAY HAS DRIED.

PRECAUTION: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stove or other sources of heat, or store at temperatures over 50°C. Do not spray near flame or spark. Do not puncture or incinerate. Harmful if swallowed, inhaled or absorbed through skin or clothing. Avoid contact with eyes, skin or clothing. DO NOT USE ON HUMANS, PLANTS, ANIMALS OR ANIMAL FEED AREAS. DO NOT USE IN FOOD PREPARATION, SERVING OR STORAGE AREAS. DO NOT USE AS A SPACE SPRAY.

In meat and food processing plants and food service establishments, treat only when plant is NOT in operation. Remove all food, packaging materials, and utensils and cover all food processing surfaces before spraying. After treatment, wash all surfaces that may contact food and rinse thoroughly with potable water before resuming operations. Do not use in rooms where milk is processed, handled or stored.

FIRST AID TREATMENT: Contains volatile petroleum distillate. If swallowed, do not induce vomiting. Call physician or Poison Control Centre immediately. In case of contact with skin, wash with soap and water. If in eyes, flush with water for 15 minutes, get medical attention. Chlorpyrifos is a cholinesterase inhibitor, atropine is antidotal. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL: When container is empty, press button to release all pressure. Dispose of empty container in accordance with provincial requirements. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
