North York, Ontario
M3N 2L5 1P1

For use as a spot or crack and crevice treatment to control
insects listed on front panel.

GENERAL DIRECTIONS: SHAKE CAN WELL BEFORE USING.

Test a small inconspicuous area of the carpet for color fastness & staining before full application. Hold container approximately 30 cm from surface being sprayed and spray until wet. Thorough applications produce a coating which will vapourize into cracks and crevices for insect control. If reinfestation occurs, repeat applications as necessary. Cover fish bowls and remove pets for one hour when spraying. Provide adequate ventilation after indoor use. KEEP PETS AND CHILDREN AWAY FROM SURFACE UNTIL DRY.

INDOOR USE: Thoroughly treated cracks, crevices and spots along and behind baseboards, underneath furniture and equipment around garbage containers, localized areas of floors and floor coverings and other places where insects hide or are seen.

OUTDOOR USE: Spray spots on outside surfaces of screen frames, doors, window frames, foundations, patios, light fixtures and other places where insects may alight, or congregate and enter. The cluster flies and house flies will be killed when they land on the treated surfaces.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. DO NOT USE ON HUMANS, PLANTS, ANIMALS, FOOD STUFF, FOOD UTENSILS, FISHBOWLS OR ANIMAL FEED AREAS. DO NOT USE AS A SPACE SPRAY. Do not use in areas where food is handled, prepared or stored. Remove or cover all exposed foods and cooking utensils before spraying. May cause skin and/or eye irritation. Product is very toxic to fish. Do not contaminate water by improper use or disposal. Contents under pressure. Do not place in hot water or near radiators, stove or other sources of heat or store at temperatures over 50 (deg C).

FIRST AID: If in eyes, flush with water for 15 minutes, get medical attention. If on skin wash with soap and water. If irritation develops or persists, contact a physician. If accidentally swallowed obtain medical attention or call a poison control centre at once.

DISPOSAL: When container is empty, press button to release all pressure, then dispose of in household garbage. Do not puncture or incinerate.
