IN CASE OF EMERGENCY INVOLVING A MAJOR SPILL, FIRE OR POISONING,
CALL 1-800-267-6351

DIRECTIONS FOR USE:

To be used only in the manufacture of a product which is
registered under the PEST CONTROL PRODUCTS ACT. Read Technical
Bulletin for formulation details.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Strictly observe all precautions
for handling and using pesticides. Harmful or fatal if

swallowed. Avoid contact with skin (causes skin irritation), eyes and clothing. Wear protective clothing, including goggles or face shield, when handling this material. Do not contaminate food, feed or water supplies. Wash hands thoroughly after using.

FIRST AID:

In case of poisoning, call a physician immediately.

If on skin, remove contaminated clothing immediately. Wash skin thoroughly with soap and warm water.

If in eyes, immediately flush eye with large amounts of clean water for at least 15 minutes. Hold eyelids apart to ensure thorough rinsing. See a doctor.

If swallowed, give large quantities of water and induce vomiting. Never give anything by mouth to an unconscious or convulsive person. Contact a physician immediately.

If inhaled, remove individual from area of contact.

TOXICOLOGICAL INFORMATION:

Methidathion is a cholinesterase inhibitor. General symptoms of intoxication are headache, blurred vision, nausea, cramps, diarrhoea, nervousness, convulsions, coma, and loss of reflexes. In severe cases of poisoning, proceed with artificial respiration, administration of atropine and stomach lavage. Atropine is antidotal.

DISPOSAL:

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with the municipal or provincial regulations. For additional details and clean up of spills, contact the regional office of Conservation and Protection, Environment Canada.

INITIAL APPROVED DRAFT LABEL: October 19, 1992 (22800-L.E.)

STORAGE:

Store in original container in a well-ventilated, cool, dry, and secure area. Ship and store away from food, feed or seed.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST

CONTROL PRODUCTS ACT to use a control product under unsafe conditions.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
