EXPLOSIVE

S.C. Johnson A Family Company (logo)

<<Secondary panel>>

For use only with Raid® Reach & Kill applicator. Twist and snap off tab before spraying.

(Inserting Can:)

1. (Remove clear cap from the can.) Holding the (pole with) base opening upward, place the can bottom into the base.
2. Place cover over can, (align) (line up) locking features and twist until cover snaps into place.
3. To remove (can) (aerosol) (refill), twist and remove cover.

DIRECTIONS: FOR OUTDOOR USE ONLY: To prevent entry of ants, spiders, earwigs, silverfish, crickets, millipedes, and centipedes into buildings, spray foundations where they are active and may find entrance (up to a height of 1 metre). Apply as a residual barrier spray to outside surfaces of building(s) where insects tend to congregate or enter. Hold can approximately 1 metre from surface to be sprayed. Evenly spray screens, window frames, door frames, eaves, porches, patios, garages and garbage areas to thoroughly wet. Hold can as upright as possible while spraying. For best results, spray when air is calm. Spray with wind if breeze is blowing. Avoid direct spraying on vegetation. Avoid excessive wetting of asphalt materials.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful or fatal if swallowed. Harmful if inhaled or absorbed through the skin. Do not directly spray toward face. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Do not smoke while using. Do not apply to humans, pets or contaminate feed, foodstuffs, dishes or utensils. Wash hands thoroughly after use. **CONTENTS UNDER PRESSURE.** Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture

or incinerate container or store at temperatures over 50 deg. C. This product is toxic to fish and aquatic invertebrates. Do not apply to, allow drift or dispose of product in lakes, rivers, streams or ponds. Direct treatment or residues of this product are highly toxic to bees. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

FIRST AID: **If on skin**, wash thoroughly with soap and water. **If in eyes**, flush with water. Contains petroleum distillate. Atropine is antidotal. **If swallowed**, do not induce vomiting. **If inhaled**, remove to fresh air. Get **IMMEDIATE** medical attention or call a Poison Control Centre. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: If empty: this container may be recycled where aerosol can recycling is available. If recycling is not available, press button to release pressure, wrap and dispose of in household garbage.

(Increase your reach by 1 metre!)
(Apply in hard to reach places)
(Easy to apply in hard to reach places)
(The) Do-It-Yourself Insect Control (System) (Tool) (Applicator)(!)

System includes: 1 applicator and 1 aerosol

<<secondary panel>>

RAID® Reach & Kill (application) system is a new way to kill bugs dead! It's the easy, convenient way to apply Raid® Reach & Kill Outdoor Barrier Bug Killer (refill) products with just one application device. Simply insert the Raid® Reach & Kill Outdoor Barrier Bug Killer aerosol can (refill), and apply. (No mixing, no climbing ladders, no hassle.)

(Some of these phrases may also be repeated as picture headings).

Raid® Reach & Kill advanced bug control system provides:
Unique applicator to give you over 1 metre of extra reach
Easy-to-use trigger control
Easy aerosol can insertion and removal

The starter kit comes with one Raid® Reach & Kill Outdoor Barrier Bug Killer aerosol can (refill) and an applicator.

Assembly Instructions:

(Assembly Tip: To make assembly easier, add a small drop of liquid soap at the tip of the connector, then insert and twist! To improve grip during assembly, use rubber gloves.)

1. Carefully read all instructions before using.
2. Connect (each of) the poles (by squeezing the white buttons).
3. Attach the base to the pole (by sliding the white buttons into the grooves and pushing until it “snaps”) (into place). (Once assembled) Attempting to take apart may cause damage (to the pole or base).
4. (Remove clear cap from the can.) Holding the (pole with) base opening upward, place the can bottom into the base.
5. Place cover over can, (align) (line up) locking features and twist until cover snaps into place.
6. To remove (can) (aerosol) (refill), twist and remove cover.

(Applicator) (Tool) is not meant to be disassembled.

To Use (Using Product)

- (Shake well before each use.)
- (Hold applicator with two hands (as shown)).
- Squeeze red (or designated color) trigger to dispense product (to spray).
- Forceful, directed spray will put product where you want it.
- (Sprays up or down) (You can spray at any angle).
- To avoid injury, do not use while standing on a ladder or elevated surface
- Keep applicator from contacting sticks, twigs, dirt, rocks (etc.) that may hamper the units effectiveness.
- Refer to Raid® Reach & Kill Outdoor Barrier Bug Killer aerosol can (refill) can for specific application directions

DIRECTIONS FOR USE:

Refer to (See) (product) Raid® Reach & Kill Outdoor Barrier Bug Killer aerosol can for complete use directions.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful or fatal if swallowed. Harmful if inhaled or absorbed through the skin. Do not directly spray toward face. Avoid breathing spray mist.
