DIRECTIONS FOR USE

CATS AND DOGS: Cover pet's eyes with hand and with a firm, fast stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub onto face and around mouth, nose and eyes. Then spray neck, middle and hindquarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On longhaired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure that the spray thoroughly wets ticks. Repeat treatment as needed; do not treat more often than once per week. For improved appearance, wipe off excess with towel and comb or brush pet. Repeat grooming when dry.

PET'S SLEEPING QUARTERS: Spray around baseboards, windows, door frames, wall cracks and local area of floors. Repeat as needed. Pet's bedding should be sprayed, making sure the area beneath the bedding is sprayed too. After spray has dried, remove old bedding and replace with fresh bedding.

#### PRECAUTIONS

HUMAN: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed or inhaled. Avoid breathing mist. Avoid contamination of food. Wash hands with soap and water after using.

PETS: Do not treat kittens or puppies under 8 weeks of age. Do not treat nursing females. If pet is pregnant, or under drug or pesticide treatment, contact a veterinarian regarding proper product use. Do not spray in eyes, on face or on genitals of pet. Discontinue use if dermal or nasal irritation develops. Do not use near birds, fish, feed or foodstuffs.

FIRST AID: If on skin, wash thoroughly with soap and water. If sprayed in eyes, flush with clean water. If irritation persists, obtain medical attention. If accidentally swallowed, obtain medical attention at once.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not apply directly to water.

#### STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area.

DISPOSAL: Do not reuse empty container. Wrap container in several layers of newspaper and discard in garbage.
