Farmingdale NY 11735 1718 USA

Patent Pending  
Burlington Scientific Corp. 1989.

#### **DIRECTIONS FOR USE**

**RO-PEL GARBAGE PROTECTOR** was developed specifically to prevent unpleasant mess and damage by racoons, domestic dogs, domestic cats, mice, red squirrels, grey squirrels, deer mice, voles, porcupines, etc. Also seed, carrion and fruit eating birds.

Regardless of the container (plastic garbage bags, garbage cans, or dumpsters), **RO-PEL GARBAGE PROTECTOR** applied whenever the garbage is put outside, convinces scavenging animals to go elsewhere. Animals coming in contact with treated garbage are met with a safe but vile taste which they clearly prefer to

avoid.

**RO-PEL GARBAGE PROTECTOR** works by teaching offending pests to steer clear of anything sprayed with this repulsive tasting product. It conditions the animals, over time, that this is the worst tasting meal possible and not worth their effort. As a result, they learn to seek food elsewhere.

Generously apply to dry surfaces. Spray directly on the garbage. Also spray onto the garbage bags, cans or dumpsters. Cover all surfaces to be protected until completely wet. Allow to dry before handling or reapplying. For extra protection apply a second time. Do not dilute! Do not mix with other chemicals!

Several applications may be required to achieve results with starving or more stubborn animals.

For best long-term results it is important to apply **RO-PEL GARBAGE PROTECTOR** to your garbage every time it is put outside.

#### **PRECAUTIONS**

Avoid contact with eyes, skin, food and clothing. If repellent gets on eyes, skin or clothing, wash thoroughly with plenty of water. Hands may be washed first with isopropyl or ethyl alcohol, then soap and water.

Get medical attention if an irritation occurs and persists. Avoid tasting! The taste is extremely bitter and very unpleasant.

#### **CAUTION**

#### **KEEP OUT OF REACH OF CHILDREN**

Never use on food, edible plants or directly on the fruit or nuts of trees. Store **RO-PEL GARBAGE PROTECTOR** in cool area away from heat. Do not smoke or eat while applying. Wash hands thoroughly after use and dispose of unneeded material and empty containers in the garbage.

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
