DIRECTIONS FOR USE

To be used only in the manufacture of insecticides which are registered under the Pest Control Products Act. Read the technical bulletin or product information for formulation details. This product is to be used with appropriate solvents and or carriers, and in the case of pressurized products, propellents, to produce an insecticide product.

PRECAUTIONS: Harmful if swallowed or absorbed through skin. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food and feedstuffs. Do not use or store near heat or open flame. This pesticide is highly toxic to fish. Do not apply directly to any body of water by cleaning of equipment or disposal of wastes. Mix well in drum before sampling and each use.

FIRST AID: In case of contact immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. Wash contaminated clothing with warm water and soap before reuse. If swallowed do not induce vomiting because of aspiration hazard. Contains petroleum distillate. Call a physician immediately.

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL & DECONTAMINATION: Rinse the empty container thoroughly and add the rinsings to the formulation tank. Follow provincial instructions for any required additional cleaning of the container prior to reuse or disposal. If required, make the container unsuitable for further use and dispose of in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the clean up of spills, contact the regional office of Conservation and Protection, Environment Canada.

NOTICE TO USER: This Control Product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
