Net Contents: 454 g

General Chemical Co. P.O. Box 7626, Salem, Oregon 97303 USA

Directions For Use: Read the following directions for use thoroughly before application.

For Controlling root growth in sewer and storm systems.

Recommended Method for Sewer Lines that have Root Problems:

Residential 100mm Sewer Lines: Add entire contents of 454 g bottle to the toilet bowl. Flush immediately to avoid foam overflowing bowl. Restrict water usage from four to six hours. Do not apply through sink or tub.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

- Not for use in or on humans or animals.
- Causes substantial but temporary eye injury.
- Harmful if swallowed, inhaled or absorbed through skin.
- Avoid inhalation of dust, vapor or mist.
- Avoid contact with skin, eyes and clothing.
- When handling product wear long pants, long-sleeved shirt, water resistant gloves and goggles or face shield.
- For application to sewer lines (either using a Foam Dispersal Unit apparatus or Direct application) wear dust

- mask in addition to the above noted equipment.
- Wash thoroughly with soap and water after handling.
 - Remove contaminated clothing and wash thoroughly before reuse.
 - Do not contaminate food or feed.
 - RootX should not be used to treat roots in sewer and storm systems where waste water will not be treated or controlled.

FIRST AID: If in Eyes, call a physician or contact a Poison Control Centre. Hold eyelids apart and flush with a gentle, steady stream of water for 15 minutes.

If Accidentally Swallowed, obtain medical attention at once or contact a Poison Control Centre. Drink promptly a large quantity of milk, egg white or gelatin mixture, or if these are not available a large quantity of water. Avoid alcohol. Do not induce vomiting or give anything by mouth to an unconscious person.

If on Skin, remove any contaminated cloth. Wash all affected areas thoroughly with soap and water. Seek medical attention if irritation persists.

If Inhaled, remove victim to fresh air. If not breathing, and only if an individual is properly trained and has personal protection equipment available, the individual should consider performing CPR, after first contacting emergency personnel. Get medical attention or contact a Poison Control Centre.

Take container label or product name and Pest Control Product Registration number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

DISPOSAL:

1. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
2. Make the empty container unsuitable for further use.
3. Dispose of the container in accordance with provincial requirements.
4. For information on disposal of unused, unwanted product, contact the manufacturer and the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offense under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label, and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
