FIRST AID

IF SWALLOWED: Contact a physician or Poison Control Centre. Do not induce vomiting unless directed by a physician.

IF IN EYES OR ON SKIN: Flush affected areas with plenty of water.

Consult a physician if irritation persists.

IF INHALED: Remove affected person to fresh air. Apply artificial respiration if indicated.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN.

Avoid inhalation. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Cover fish bowls and remove pets for one hour when dusting rooms. Remove or cover all exposed foods and cooking utensils before spraying. Apply this product only as specified on this label.

DISPOSAL: Dispose of empty container in household garbage.

<p>In case of Medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained in the U.S. by calling 1-800-334-7577 or in Canada (201)439-3161.</p>

DIRECTIONS FOR USE

To control crawling insects including Ants, Cockroaches, Silverfish, Pillbugs and Millipedes. Apply a continuous visible film underneath and behind stoves, refrigerators and appliances. Treat on, around and behind moldings, shelves, baseboards, pipe openings, cracks, crevices and other areas where insects may hide. For severe infestations, apply this product behind cabinets and walls, in crawl spaces and in attics at the rate of 485 grams per 100 square metres of surface area. In animal quarters, distribute this product at the rate of 90 grams per 10 square metres of surface areas. Repeat treatment as necessary.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
