General Information

BASAGRAN is a liquid herbicide registered for selective postemergence control of many broadleaf weeds and yellow nutsedge in soybeans, dry and snap common beans, peas, lima beans, fababeans, field, corn (grain, silage, sweet and seed), flax, peanuts and yellow nutsedge in turf (sod farms and golf courses only), seedling - alfalfa, - red clover, - alsike clover, - saintoin, - bromegrass, - creeping red fescue, - meadow foxtail, - orchardgrass, - timothy and crested wheatgrass. Consult the labels of the end-use product for specific information on respective registered use directions and precautions.

DIRECTIONS FOR USE:

To be used only in the manufacture of a herbicide which is registered under the Pest Control Products Act. Read the Technical Bulletin for formulation details.

LIMITATIONS:

Do not apply directly as is to crops.

PRECAUTIONS:

Keep out of the reach of unauthorized personnel.

Harmful if swallowed.

Do not inhale vapours.

May cause eye or skin irritation. Avoid contact with eyes, skin and clothing.

Wash well after handling and before eating, drinking and/or smoking. Wash contaminated clothing with soap and hot water before re-use. Do not wear contaminated shoes.

FIRST AID INSTRUCTIONS:

IF SWALLOWED: Induce vomiting. Get medical attention immediately. If patient is unconscious, give air.

IF INHALED: Remove person to fresh air and consult a physician immediately.

IN CASE OF
EYE CONTACT: Flush eyes immediately with clean water for at least fifteen minutes and consult a physician.

IN CASE OF
SKIN CONTACT: Wash with plenty of soap and water. Consult a physician if irritation develops.

STORAGE:

Keep in original container during storage.

Store product in cool, dry, well ventilated place away from seed, fertilizer or other pesticides.

Keep away from fire or open flame, or other sources of heat.

Keep free of moisture in tightly sealed container.

DECONTAMINATION AND DISPOSAL:

For spills, wear appropriate safety equipment. Absorb spilled product with inert substance such as sawdust or sand. Wash spill area with a detergent solution.

Do not contaminate irrigation water, lakes, streams or ponds by cleaning of equipment or disposal of wastes.

If involved in fire, use water, fog, foam CO(2) or a dry chemical extinguishing media. Noxious fumes may be produced under fire conditions; wear self-contained breathing apparatus. Prevent

water used in fire fighting from entering public water supplies.

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the regional office of Conservation and Protection, Environment Canada.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCT ACT to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
