DUSTBANE PRODUCTS LIMITED
25 Place Pickering Place
Ottawa, Ontario
K1G 3K1

- single neutral quat
- disinfects, sanitizes and deodorizes

DIRECTIONS:

Excellent for use with a degreaser in a cleaning and sanitizing program in the food industry.

DISINFECTION: Mix 4mL/L of potable water, apply to precleaned surface and let stand for 10 minutes. Surfaces are subject to

direct food contact should be adequately rinsed with potable water

SANITIZING: Mix 2 mL/L of potable water, apply to precleaned surface and allow to dry. No rinsing is required.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DISPOSAL: 1. Rinse the emptied container thoroughly and add the rinsings to treatment site. 2. Follow provincial instructions for any required additional cleaning of the container prior to disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on the disposal of unused, and unwanted product and the clean up of spills, contact the Provincial Regulatory Agency or the manufacturer.

NOTICE TO USER: This product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product

PRECAUTION: Avoid contact with skin and eyes. Wear protective gloves and goggles or face shield when handling concentrate. Harmful if swallowed. Avoid contamination of food.

FIRST AID: If splashed in eyes or on skin flush thoroughly with water for 15 minutes. If swallowed, promptly drink large quantities of milk, egg whites, gelatin or if these are not available, water. Avoid alcohol. Call a physician immediately.
