Guarantee: Registration No. 17796  
Creosote 100% Pest Control Products Act

CANADIAN TIRE CORPORATION, LIMITED TORONTO,  
CANADA M4P 2V6

Apply Creosote by brushing or dipping. Maximum penetration is obtained when applied to properly seasoned surface dry lumber. All bark should be removed. If the treated wood is to be used in contact with the ground or is to be subjected to other extreme decaying hazards, two or more applications of preservative should be applied. Dipping or preferably soaking is recommended whenever possible to ensure maximum penetration and protection. It is not recommended that paint be applied over Creosote as bleeding may occur. Do not use on surfaces which may come into contact with the body, Creosote may irritate sensitive skin.

PRECAUTIONS:

Keep out of reach of children. May cause severe skin irritation. Avoid contact with skin, eyes and clothing. Wear gloves, long sleeve clothing and goggles when applying. Do not smoke when using. Do not use near plants. This product is toxic to fish. Do not contaminate water when cleaning equipment or disposing of

wastes.

First Aid Treatment:

Toxic if swallowed. If swallowed call a physician. If on skin, wash immediately with soap and water. If in eyes flush with clear water. If irritation persists, obtain medical attention.
