FLAMMABLE

250 mL

READ THE LABEL BEFORE USING

Manufactured by:
Alpha Pet Care Products
Oakville, Ontario, Canada L6H 5V5
Ft. Lauderdale, Florida, U.S.A. 33304

DIRECTIONS

Shake well before using. Hold container in upright position 25 to 30 cms from pet and spray entire body beginning at the tail and working towards the head. Do not spray face, eyes or genitals. As you spray, fluff the hair so that the spray will penetrate to the skin, but spray only until hair is damp - not wet. Spray Ticks directly. Do not treat more often than once a week. Also spray bed and living quarters if needed. Repeat weekly as necessary. Do NOT use on nursing females or on kittens under eight weeks of age. Do not use on sick animals.

Do not use on animals under drug or pesticide treatment. Before using on pregnant animals consult veterinarian.

For effective flea and tick control, treatment of the pet should be combined with sanitation of any area used by the pet. Vacuum floors, carpets, and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters, and surrounding areas. If pest problems persist, an insecticidal premise treatment may be required.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Discontinue use if dermal or nasal irritation develops. Do not use near fish, food or foodstuffs. Avoid inhalation of spray. Wash hands after use.

FIRST AID TREATMENT

If sprayed in your eyes, flush with clean water. If irritation persists, obtain medical attention. If accidentally swallowed, induce vomiting, obtain medical attention at once.

DISPOSAL

DO NOT RE-USE CONTAINER. Dispose of empty container in regular household garbage.
