NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

DIRECTIONS FOR USE GENERAL: Use as a spot treatment to control cockroaches, silverfish, ticks, fleas, and other insects listed

below. Apply this product to localized areas where pests are found or may occur. Spray surfaces until wet.

SPOT TREATMENT: TO KILL ANTS, COCKROACHES, CRICKETS, SILVERFISH, SOWBUGS, SPIDERS AND EARWIGS: Spray into cracks, crevices around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. Contact directly as many insects as possible. For ants, spray trails and places where ants enter premises. Repeat as necessary for control.

TO KILL BROWN DOG TICKS AND FLEAS: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Fresh bedding should be placed in animal quarters after spray has dried. DO NOT SPRAY ANIMALS. Treat your pets with a product registered for application to animals to control the source of your flea infestation. Do not allow animals to contact spray before it has dried.

TO KILL CARPET BEETLES AND DERMESTIDS: Spray along baseboards, edges of carpeting, under carpets and rugs, under furniture, in closets, on shelving, and in other places of harbourage. Repeat as necessary. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces. Cover all food processing surfaces and thoroughly clean with potable water before reusing. Do not use as a space spray.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OR FOOD HANDLING ESTABLISHMENTS OTHER THAN SPOT TREATMENT AND/OR CRACK OR CREVICE TREATMENT ARE NOT PERMITTED.

PRECAUTIONS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 54°C (130°F) may cause bursting. May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish aquariums before spraying. Do not apply directly to food. In commercial food handling facilities, cover or remove all food or food processing equipment during application. Do not apply while food processing is underway. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed with potable water before use. Cover exposed food. This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not

contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: IF SWALLOWED: Contains volatile petroleum distillates. Do not induce vomiting. Call a physician immediately. IF ON SKIN OR CLOTHING: In case of contact, remove contaminated clothing and wash skin with soap and water. IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

TOXICOLOGICAL INFORMATION: Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal.

DISPOSAL: When container is empty, press valve to release all pressure. Dispose of empty container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environmental Protection, Environment Canada. Do not puncture or incinerate.
