GERMINIX-16

DESCRIPTION: GERMINIX-16 is a heavy duty cleaner and
disinfectant designed for general purpose use where heavy duty

cleaning and sanitizing is of prime importance. When used as directed, GERMINIX-16 will remove dirt in a single, simple application.

USE DIRECTIONS: For light duty cleaning, sanitizing, and deodorizing use (16 mL/litre). For heavy duty cleaning, disinfecting use 39 mL/litre. Let stand 10 minutes for best results, apply GERMINIX-16 with a cloth or mop to walls, floor and other non porous hard surfaces.

If used for sanitizing, of food contact items, limit the level to 200 PPM of quaternary 13 mL/litre. No rinse required at this level. For extra heavy duty industrial cleaning and sanitizing, use a second duty application. DO NOT MIX WITH SOAP OR ANIONIC SOLUTIONS. At disinfection dilution 39 mL/litre all surfaces in contact with food must be rinsed with potable water thoroughly.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Corrosive liquid. May cause severe eye irritation. May cause skin irritation. May absorb through skin to cause adverse health effect. Harmful if inhaled above threshold limit. Harmful if swallowed. Avoid contact with eyes, skin or clothing. Avoid breathing vapours. Rinse empty container with water before discarding.

FIRST AID: EYES: Immediately flush eyes with plenty of water for at least 15 minutes. INHALATION: If inhaled remove victim to fresh air. INGESTION: If swallowed, DO NOT induce vomiting. GET MEDICAL ATTENTION IMMEDIATELY. DRINK 3 TO 4 GLASSES MILK OR WATER. AVOID ALCOHOL.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may

contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
