Chipman Mecoprop + 2,4-D Weedkiller Liquid

A combination of 2,4-D Amine and Mecoprop (CMPP) to kill
Chickweed, Clovers, Black Medic, Creeping Charlie, Knotweed,
Dandelion, Plantain and most other broad-leaved weeds. Safe on
all established lawn grasses but not bents.

DIRECTIONS FOR USE

Apply the following rates of Chipman Mecoprop + 2,4-D Weedkiller
in at least 225 L of water per hectare. Apply with an efficient
boom sprayer, a pressure sprayer using the coarse spray, or
watering can with a fine rosette spray. Spray to give thorough
coverage of weeds without excessive run-off.

DANDELION, PLANTAIN, CURLED DOCK and HEAL-ALL - 5.5 L/ha or 50 mL per 10 L of water per 100 m².

CHICKWEED, KNOTWEED, CLOVER, BLACK MEDIC, CREEPING CHARLIE and BUTTERCUP - 8.75 L/ha or 80 mL per 10 L of water per 100 m².

APPLY IN SPRING OR EARLY FALL

REPEAT AS NECESSARY

Avoid spraying during hot, dry spells. Do not spray when rain is forecast. Delay application several days after mowing. Killing action starts within 7 days, but takes more than a month. Best results are obtained when weed growth is active and temperatures are above 10°C.

PRECAUTIONS: Avoid contact with eyes, skin or clothing. Avoid spray drift onto flowers, vegetables, fruits, ornamentals, and other susceptible plants. Do not use on freshly seeded lawns until they have been mowed twice, or bent grass. Watering cans, sprayers, etc. used to apply 2,4-D type weedkillers should not be used for any other purposes. Do not contaminate water supplies, irrigation ditches, ponds, lakes and streams. Keep in original container during storage.

FIRST AID: If in eyes, flush with clean water and get medical attention. If on skin, wash with soap and water.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
