READ THE LABEL BEFORE USING

20 kg

WILSON LABORATORIES INC.
Dundas, Ontario L9H 3H3

Directions for use: Apply small quantities of powder where insects hide. Use an applicator such as a squeeze bottle with extension tube inserted into top opening and puff directly into cracks and crevices behind stoves, cabinets, sinks, refrigerators, dishwasher, etc. Remove lower drawers from cabinets and treat drawer wells. Treat cracks along baseboards and in corners. Any powder visible after application should be brushed into cracks or removed. Re-apply if reinfestation occurs.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with eyes, skin, clothing and avoid inhalation. Wash thoroughly after handling and before eating, drinking, etc. Do not apply to plants, animals or humans. Remove pets and fishbowls from area before treatment and do not return them for at least 4 hours after treatment. Do not apply to surfaces that children or pets

might contact.

DO NOT CONTAMINATE FOODSTUFFS. Do not use in any area where food may be exposed. Do not use in cupboards where food or cooking utensils are stored.

In homes or dwellings, remove or cover all exposed food and cooking utensils before using. Thoroughly wash all surfaces that might contact food before reuse.

DISPOSAL:

1. Empty container thoroughly. Use all the contents.
2. Follow provincial instructions for any required additional cleaning of the container prior its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information of the disposal of unused, unwanted product and the clean-up of spills, contact the regional office of Conservation and Protection, Environment Canada.

FIRST AID: If swallowed, induce vomiting and obtain medical attention immediately, taking the pesticide container with you. If in eyes, flush with plenty of water and get medical attention.

TOXICOLOGY: Diazinon is a Cholinesterase inhibitor. Atropine is antidotal.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
