Minneapolis MN 55427-4372  
U.S.A.

(612) 544-0341

NOT REGISTERED FOR USE IN THE UNITED  
STATES OF AMERICA

DIRECTIONS FOR USE

To be used only in the manufacture of insecticides which are registered under the Pest Control Products Act. This product is to be used at 0.50% (wt.) with 0.23% (wt.) DDVP and 99.27% (wt.) petroleum distillate in the preparation of a spray to be used on animals. Read technical bulletin or product information for formulation details.

Note: MGK Repellent 326 may crystallize from exposure to temperatures below 20C during shipment or storage. The drum may be filled with crystals or a layer of darker liquid over crystals. Warm drum gently to reliquify. Agitation and probing during warming will speed liquification. Do not heat above 50'C. Do not hold at elevated temperatures any longer than necessary.

PRECAUTIONS: Harmful if swallowed. Do not inhale vapours or get in eyes or on skin. Do not contaminate food or feedstuffs.

This product is toxic to fish and other aquatic animals. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: In case of contact, immediately flush skin or eyes with plenty of water. If irritation develops or persists, seek medical attention. Do not induce vomiting if ingested due to aspiration hazard and seek a physician.

DISPOSAL & DECONTAMINATION: Rinse the emptied container thoroughly and add rinsing mix to the formulation tank. Follow provincial instructions for any required additional cleaning to the container prior to its disposal. Make the emptied container unsuitable for further use and dispose in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the clean up of spills, contact the regional office of Conservation and Protection, Environment Canada.

STORAGE: Keep container tightly closed. Mix well in drum before sampling and each use. Store in a warm, dry place.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
