National Chemsearch CHEMWEED-265 is especially formulated for killing clover, chickweed, plantain, mouse ear chickweed, knot weed, ground ivy and certain other broad-leaf weeds on lawns, fairways and golf greens.

Registration No. 9286 Pest Control Products Act.

NET CONTENTS: _____ LITRES

DIRECTIONS:

For established turf fairways, etc. apply 90 mL of National Chemsearch CHEMWEED-265 mixed with 10 litres of water per 100 square metres, or 8.5 litres mixed with 300-400 litres of water per hectare. For spot treatment mix at the above proportions and use sprinkling can or power sprayer. For larger areas a Boom sprayer is recommended. For maximum results the area should not be cut for 2-3 days before or after spraying. Do not sprinkle or water for 24 hours after application. Full visible effect requires about three weeks.

PRECAUTION IN USE: Avoid contact with skin, eyes and clothing. Harmful if swallowed. After using wash hands and other parts of the body that are contaminated by the concentrate, spray or washings. Store tightly closed containers away from green houses, seed, plants, fertilizers, and water supplies. Keep from

freezing. Do not spray flower beds, borders or shrubbery. Avoid allowing spray to drift over flowering plants, shrubs etc. Do not use first mowing as a mulch. Before use, rinse equipment, including nozzles with water to which has been added a wetting agent or detergent. Pools, streams and water sources must not be contaminated with the concentrate or spray washings.

FIRST AID INSTRUCTIONS: In case of contact, immediately wash skin with plenty of water, for eyes wash with water for at least 15 minutes and get medical attention. Harmful if swallowed, seek immediate medical attention.

TOXICOLOGICAL INFORMATION: Should illness occur, get prompt medical attention.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE:

KEEP FROM FREEZING. If this product stored in cold or freezing weather it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.
