NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

FIRST AID

IN CASE OF POISONING, contact a physician or a poison control centre **IMMEDIATELY**. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If swallowed, induce vomiting and call a poison control centre and get medical attention **IMMEDIATELY**.

If on skin, wash **IMMEDIATELY**.

If in eyes, flush **IMMEDIATELY** with plenty of water. Get medical attention.

TOXICOLOGICAL INFORMATION

SYMPTOMS OF POISONING ARE: Blurred vision and/or breathing difficulties.

PIRIMOR (pirimicarb) insecticide is a moderate, reversible cholinesterase inhibitor. Atropine at 1-4 mg by intramuscular injection is antidotal followed by a further 2 mg every 30 min., as necessary. P2S and 2-PAM are not effective.

PRECAUTIONS

KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL.

Avoid breathing dust. Avoid contact with skin and eyes. For protection wear gloves, overalls and an eye protector. Wash hands and exposed skin before meals and after work. Change contaminated clothing daily. Avoid contamination of food and feed, ponds, lakes and waterways. Store in original container.

STORAGE

Store in a cool, dry, well ventilated area away from foodstuffs and out of the reach of children, unauthorized personnel and animals.

SPILL CLEANUP

Wear appropriate protective equipment (gloves, protective eye glasses, apron) when attempting to clean up the spill. If the container is leaking, secure leak and place the container into a drum or heavy gauge plastic bag. Contact Syngenta Crop Protection Canada, Inc. (see EMERGENCY TELEPHONE NUMBER) for further information.

For spills and leaks; clean up as much of the product as possible with a broom and shovel. If available, use an absorbent such as DUSTBANE to clean the spill area. Shovel the spilled product and spent absorbent into a sealable waste container

On hard surfaces - sprinkle spill area with detergent and scrub in a small quantity of water with a coarse broom. Let stand 10 minutes then absorb onto an inert material and shovel into the waste container.

On soil - remove the top 15 cm of soil in the spill area and replace with fresh soil.

Dispose of all waste including scrub brush in accordance with provincial requirements. For additional details and information on cleanup of spills, contact the provincial regulatory agency and the manufacturer.

DISPOSAL

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

***IN CASE OF EMERGENCY INVOLVING A MAJOR SPILL, FIRE OR POISONING
CALL 1-800-327-8633 (FASTMED)***

DIRECTIONS FOR USE

To be used only in the manufacture of products which are registered under the Pest Control Products Act.
