EXTREMELY FLAMMABLE

READ THE LABEL BEFORE USING

JAAB America Chem-Ex Inc.,  
3 Mackinon Drive  
Lennoxville, Quebec  
J1M 1Z7, CANADA

NON-GAS AEROSOL. Delivers a quiet, even spray without using CFC  
or hydrocarbon propellents. All net contents are available for  
use, unlike a normal aerosol where a large percentage is  
propellant that is lost to the atmosphere and serves no other  
purpose than propelling product from the container.

DIRECTIONS: (1)To continuously spray, close all doors and windows. Place can in upright position on floor of empty van or container. Point valve away from eyes. Depress valve and lock in open position. Exit from van or container and keep the doors and windows closed for 30 minutes. Ventilate van or container for 4 hours before re-entry. Use two cans containing 220 mL spaced well apart in vans or containers over 50 cubic metres. (2) When manually spraying, container can be held in any position, even upside down to spray insects in the most difficult to reach areas.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Do not remain in treated areas. Ensure proper ventilation after areas have been treated. Do not swallow or inhale. Avoid contact with skin and eyes. Wash after using. CONTENTS UNDER PRESSURE. Do not spray into or near any open flame, spark or while smoking. Wear a respirator with an organic vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH TC-23C) and eye protection at the start of total release application and if re-entering closed areas (Eg. for ventilation purposes).

FIRST AID TREATMENT. If sprayed in eyes, flush with clean water. If sprayed on skin, wash with soap and water. If irritation persists, obtain medical attention. If accidentally swallowed, obtain medical attention at once or contact a poison control center. If inhaled, remove from site of exposure.

DISPOSAL: When container is empty and you do not want to recycle it, wrap and dispose in household garbage.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
