DIRECTIONS: Dairy cattle and beef cattle (Lactating and on-lactating) Horn fly, House fly, mosquitoes and stable fly. Spray animals once daily with a fine mist using 30-60 g per animal. Spay for 10-20 seconds down each side of the animal. Cover animal entire but do not wet hair. Treat dairy animals before milking. Wash udders after spraying but before milking. When fly population is under control treatments may be reduced to once every two days or as necessary. Do not use more than once a day.

HORSES AND HOGS HOUSE FLY, HORSE FLY AND MOSQUITOES

Spray animals daily with a fine mist. Use 15-30 g per animal per

day. Use lower rate on hogs. To apply these rates spray for 6-12 seconds on each side of the animal. Cover animal but do not wet hair or skin. Do not use more than once a day.

MILKING PARLOR: Remove all animals before using as a space spray. Close doors and windows. At a rate of 200 mL / 100 m³, spray upward in a sweeping motion until room fills with mist. Keep room closed for 15 minutes and then ventilate. Cover or remove all milk and milking equipment before spraying, cover bulk tank loading and unloading valves. Wash all food processing equipment with potable water before resuming operations.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

Do not inhale spray mist. Avoid spraying directly into the eyes of the animals. Avoid contact with skin. Wash after using. Avoid contamination of feed and water troughs. Avoid inhalation. Do not use in rooms where milk is processed, handled or stored.

Remove all animals before application.

FIRST AID: If in eyes or on skin, flush with plenty of water. If irritation persists, obtain medical attention. If accidentally swallowed, obtain medical attention at once.

CONTENTS UNDER PRESSURE: Do not puncture or incinerate. Do not store at temperatures above 50 deg Celsius or near an open flame. Dispose in garbage. Do not contaminate any body of water.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.

LIMITATIONS OF WARRANTY: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
