THIS NEW, SUPERIOR PINE DISINFECTANT CLEANER
SANITIZER - DEODORIZER KILLS THE FOLLOWING ORGANISMS:

Staphylococcus aureus - Pseudomonas aeruginosa - Salmonella
choleraesuis - Aspergillus niger - Salmonella typhi - Escherichia
coli - Trichophyton interdigitale - Streptococcus faecalis -
Salmonella schottmuelleri - Klebsiella pneumoniae - Proteus
mirabilis - Enterobacter aerogenes - Shigella flexneri - Bacillus
cereus - Brevibacterium ammoniagenes - Herpes simplex - Vaccinia
- Influenza A2 (Hong Kong 68).

USE DIRECTIONS: To clean, disinfect, deodorize and sanitize all hard environmental surfaces such as walls, ceilings, floors, locker rooms, shower stalls, urinals, baths, rest rooms, swimming pool areas, fixtures, equipment, garbage and disposal containers - apply a solution of 1 part cleaner to 20 parts water. Allow surface to remain wet for 10 minutes. Scrub with a brush, mop or cloth. Pick up excess water. Rinse with clean clear water. Excellent for PREVENTING AND DESTROYING ODOURS caused by the growth of bacteria, mold, mildew and fungi. A fresh pine odour permeates the area as it clean. Truly a unique, broad spectrum disinfectant cleaner - sanitizer - deodorizer.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Undiluted product may cause eye and skin irritation. Rinse empty container with water before discarding. Avoid contamination of food.

FIRST AID: If swallowed, give raw egg white or a gelatin solution, or, if not available, drink large quantities of water. Do not induce vomiting. GET MEDICAL ATTENTION or contact Poison Control Centre. In case of contact with undiluted product, immediately flush eyes or skin with plenty of water for at least 15 minutes. If irritation persists, GET MEDICAL ATTENTION.
