REG. NO. 24266 P.C.P. ACT

READ THE LABEL BEFORE USING

NET CONTENTS: 473 mL

Made in the USA for:
Francodex Laboratories, Inc.
P.O. Box 162209
Ft. Worth, Texas 76161, USA

DIRECTIONS FOR USE: TO KILL FLEAS AND TICKS ON DOGS, PUPPIES,
CATS AND KITTENS.

GROOMS - Conditions skin and haircoat with emollient oatmeal.

DEODORIZES - Imparts a pleasing residual aroma.

SHAKE WELL BEFORE USING. Spray animal from a distance of 15-30 centimetres. Ruffle the coat and spray against the lay of the hair, until entire coat is wet. The spray should wet ticks thoroughly. Allow hair coat to dry before brushing or combing. Repeat treatment as necessary, but not more often than once in two days. Thoroughly spray interior of kennel or other sleeping quarters.

For effective flea and tick control, treatment of the pet must be combined with the cleanup and sanitation of any area used by the pet. Vacuum floors, carpets, furniture, etc. (discard vacuum bag after use) and wash pet's bedding, living quarters, and surrounding areas. If pest problems persists, an insecticidal premise treatment may be required.

STORAGE: Store in closed container in a cool, dry area.

DISPOSAL: Do not reuse empty container. Wrap container and put in garbage collection.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid breathing vapors. Wash hands after use. When treating animals, do not spray in face, eyes, or on genitalia. Consult a veterinarian before use on pregnant animals, sick animals, or animals under drug or other pesticide treatment. Do not use on nursing animals or on animals under 8 weeks of age. Discontinue use if adverse effects are observed. Do not contaminate feed or foodstuffs.

FIRST AID: If swallowed, call a physician or poison control centre. If in eyes, flush with plenty of water and call a physician if irritation persists. Wash contaminated skin with soap and water. If inhaled, remove victim to fresh air and call a physician if adverse effects occur.
