Muzzle Canine Repellent

CARRY MUZZLE TO BE SECURE

MUZZLE is effective and humane protection against canine attack. The active ingredient in MUZZLE is Capsaicin, a pepper-based agent. It simply irritates sensitive nerve endings of the dog's eyes, nose and mouth and produces a burning sensation. These painful side effects usually subside within a few minutes; time to put you well out of harm's way.

- Each unit fires about 20, one-half second bursts
- Effective range up to 3.5 m (10 ft.)
- Built-in clip and key chain
- Every unit "test fired" before shipping

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN

Severe irritant to eyes, nose and skin. Avoid contact with skin and eyes and inhalation of spray. Persons with respiratory problems or wearing contact lenses should not use this product. Do not place in hot water or near radiators, stove or other source of heat. Contents under pressure. Do not puncture, incinerate or store at temperatures over 50 deg C. While travelling, do not store in passenger compartment. Contact air carriers concerning transport.

DIRECTIONS

To discharge; slip your thumb under the safety cover and press down on the red button. Make sure of the direction of the spray. Spray stream into face and eyes of attacking dog to prevent dog bite. For effective results: the eyes, mouth and nose of attacking dog must be sprayed. Will immediately repel and subdue dog when sprayed in face 3.5m (10 ft.). Shield face when firing into the wind.

FIRST AID

If contact occurs with skin, nose or eyes, flush repeatedly with cold water. Symptoms usually do not persist for more than one hour. Obtain medical attention if symptoms persist.

DISPOSAL

When container is empty, press valve to release all pressure. Wrap and dispose with household garbage.
