PEST CONTROL PRODUCTS ACT

DIN No. 391905

Disinfects, cleans and deodorizes in one operation, effective against bacteria, mold, fungus, mildew and algae. Use on floors, walls, ceilings, equipment, garbage containers and areas, locker rooms and washrooms and on all washable surfaces.

DIRECTIONS

To clean and disinfect by mopping, washing, spraying or flooding floors, walls, use 30 mL GERMIDET per litre of water, increasing the quantity as soil conditions require. For fogging, use a minimum of 75 mL per litre.

To clean food processing Equipment, counter tops, utensils, etc. use 12 mL per litre. Allow surface contact with GERMIDET solution for minimum of 45 seconds and rinse with potable water.

GERMIDET is non irritating to normal skin.

CAUTION

Undiluted product may cause skin irritation or damage to eyes.

Harmful if swallowed. Avoid contamination of food.

FIRST AID INSTRUCTIONS

In case of contact, flush immediately with plenty of water. For eyes, flush immediately with plenty of water and get immediate medical attention. If taken internally, induce ingestion of large quantities of eggwhite, flour and water.

TOXICOLOGY

Treat as above for external contact. If taken internally, administer a gastric lavage. If breathing becomes difficult, administer oxygen. Neostigmine, edrophonium and central nervous system stimulants are of no value.

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
