DIRECTIONS

SHIELD-BRITE is ready-to-use. Do not dilute with water or mix with any other substance.

Apply to fruit as a spray with SHIELD-BRITE applicator at a rate of 1 liter/ 600 kg. of fruit.

Applicator systems should be flushed with fresh water at the end of each day's operation.

Use RESTORE to remove dried SHIELD-BRITE residues from brushes and equipment.

WARNING: FLAMMABLE

Keep away from heat and open flames.

SHIELD-BRITE coatings are applied to appreciably improve display appearance and control mold and decay on apples.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a product under unsafe conditions.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label

information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
