CBT Biocide A is used to control the algae, bacteria and fungi in recirculating commercial and industrial water cooling towers. CBT Biocide A is effective at all pH values and will not cause foam.

DIRECTIONS FOR USE

Prior to the use of CBT Biocide A in water cooling towers, systems should be cleaned to remove algae growth, microbiological slime and other deposits. Then make an initial slug addition of 350-875 ml of CBT Biocide A per 10,000 litres of water in the system. Repeat initial dosage until control is evident. Make subsequent slug additions of 100-875 ml of CBT Biocide A per 10,000 litres of water every 2 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of cooling towers.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid breathing vapours. Avoid contact with skin, eyes or clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container.

FIRST AID

If splashed on eyes or on skin, flush thoroughly with water. If eye irritation persists, seek medical attention. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or, if these are not available, drink large quantities of water. Call a physician immediately.

NOTICE TO USER

This controlled product is to be used only in accordance with the directions of this label. It is an offense under the Pest Control Products Act to use a controlled product under unsafe conditions.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
